On the afternoon of March 10th, 2019 Henry Bromelkamp, President of Bromelkamp Company, LLC., sustained an injury from a scooter accident. He remains in stable condition at Denver Medical Health Center, attended by his spouse and brother. Henry was in Denver to present at a grantmaking conference the week of the accident.

In keeping with Henry's wishes and the Bromelkamp Company injury and succession plan, Karen Bromelkamp will step forward as interim Chief Executive Officer during Henry's recovery. This change is effective March 11, 2019. "We will continue to provide the level of excellence in foundation software knowledge and client services as we have become known for over the last 40 years in this industry," says Karen Bromelkamp.

Karen is stepping forward with the support of a strong, core leadership staff, containing a collective experience of more than 50 years with Bromelkamp Company. Those included: Terri Joski-Lang, Vice President; Barb Ryan, Sales Manager; Meghan Davignon, Implementation Manager, and Alyson Belvin, Solutions Manager.

While more information continues to be made available regarding Henry's condition, we ask for your thoughts and well-wishes for his full recovery.

*Bromelkamp Company has a 40 year heritage of helping foundations simplify, adapt, and thrive with software solutions that grow along with our clients. Our staff is knowledgeable and friendly, providing support you can count on. We are passionate about helping foundations get back to what they do best - creating lasting impact.*
