## Other eGrant.net Options

### Ask us about these optional additions to eGrant.net:

- › **eGrant.net Builder** allows you to make changes to grant applications and add grant types on your own. With Builder, you have full access to the functions that we use to create and change applications.
- › **eGrant.net Moderator** supports real-time panel review and scoring sessions, which is especially needed by those who are reviewing applications that include video or images. It includes the ability to control what is viewed and for how long with the option to advance highest-scoring applications to a subsequent round.
