BROMELKAMP COMPANY OFFERS SOFTWARE DISCOUNTS TO THE FORUM OF REGIONAL ASSOCIATIONS OF GRANTMAKERS PARTNERS

Minneapolis, MN; July 28, 2015: Bromelkamp Company LLC recognizes the value that regional membership groups provide to their constituents through service and information sharing. Members of the Forum of Regional Associations of Grantmakers offer an array of supportive services to their foundation members, including hosting learning webinars, providing access to relevant literature, and ensuring opportunities for skill development and networking. Members of regional associations gather regularly to review software options, as well as to discuss trends in the field, and invite Bromelkamp Company to present their software solutions and facilitate meaningful discussions. Through this partnership, Bromelkamp Company is pleased to offer a discount on its Akoya.net and Pearl Software to participating Forum of Regional Associations of Grantmakers members. Is your regional organization association a member? You can check current members on the Bromelkamp [website](#). Recently, both [Philanthropy Ohio](#) and [Council of New Jersey Grantmakers](#) have partnered with Bromelkamp Company and are now able to extend the software discount to their members. If you are a member or representative of a regional association interested in learning more about how you can participate in this discount program, please contact Meghan Davignon at 612-767-6701 x22, or at Meghan@bromelkamp.com.

Bromelkamp Company LLC is committed to outstanding service and provides personalized customer support; just ask their clients. Kathleen Harmon of the Amador Community Foundation says, "The thoroughness of your support team is outstanding. I feel understood every time I call. The support team really takes the time to hear the question, and then will walk me through the process step by step instead of just doing it for me; they want me to learn." Because Bromelkamp Company stays connected to its customers, they are able to design solutions for foundation management from the grantmaker's point of view, which culminates in a creative and inspired design. This partnership with the Forum of Regional Associations of Grantmakers is just one example of their deep commitment to outstanding service.
